

Vacant Land/Lot Seller Advisory

When in doubt - disclose!

Sellers are obligated by law to disclose all known material (important) facts about the property to the buyer. Arizona law requires that you disclose material facts about the property whether or not you are asked by the buyer or a real estate agent, or when asked to complete a disclosure form. There are also some very specific seller disclosures that you are required by statute to make. **Additionally, you may be required to complete and record an Affidavit of Disclosure if selling property in an unincorporated area of a county.**

If the buyer asks you about an aspect of the property, you have a duty to disclose the information, regardless of whether or not you consider the information material. You also have a legal duty to disclose facts when disclosure is necessary to prevent a previous statement from being misleading or a misrepresentation: for example, if something changes. However, a seller does not generally have a legal obligation to correct defects in the property, as long as the defects are disclosed. Any correction of the defects is a matter of contract negotiation between you and the buyer.

If you do not make the legally required disclosures, you may be subject to civil liability. Under certain circumstances, nondisclosure of a fact is the same as saying that the fact does not exist. Therefore, nondisclosure may be given the same legal effect as fraud.

The Arizona Association of REALTORS® Vacant Land/Lot Seller's Property Disclosure Statement ("SPDS") is designed to assist you in making these legally required disclosures and to avoid inadvertent nondisclosures of material facts.

You should complete the SPDS by answering all questions as truthfully and as fully as possible. Attach copies of any available supporting documentation to insure that you are disclosing accurate information. Also, use the blank lines to explain your answers. If you do not have the personal knowledge to answer a question, it is important not to guess - use the blank lines to explain the situation.

The SPDS is divided into nine general sections:

1) Ownership and Property: This section asks for general information about the property, such as location and ownership, associations, assessments, title issues etc. Any seller should be able to answer most, if not all, of the questions in this section. If you have never seen the Property and you are unable to answer some of the questions, explain on Page 5 under ADDITIONAL EXPLANATIONS.

- 2) Access:** Both legal and physical access is addressed.
- 3) Use:** This section asks for information regarding the current and past use of the property.
- 4) Utilities:** You are asked whether the property currently receives the listed utilities, and if so, to identify the provider.
- 5) Water:** The water source and any known information about drinking water are addressed. Additionally, the section asks for information on any irrigation rights or other water-related issues pertaining to the property.
- 6) Sewer/Waste Water Treatment:** There are many questions dealing with the topic of sewer or wastewater treatment as a result of claims involving alleged misrepresentations concerning the availability of a sewer connection. If the property is served by an on-site wastewater treatment facility, e.g., a septic or alternative wastewater system, a variety of additional information is required.
- 7) Environmental Information:** In addition to questions regarding environmental hazards, you are asked to disclose any issues relating to soil settlement/expansion, drainage/grade, erosion, and noise from the surrounding area including airport and traffic noise, and any odors or other nuisances.
- 8) Miscellaneous:** This section deals with surveys, archeological features, endangered species, mineral rights, and mine shafts/tunnels or abandoned wells associated with the property.
- 9) Additional Explanations:** These blank lines provide space for you to disclose any other important information concerning the property that might affect the buyer's decision-making process, the value of the property or its use, and to make any other necessary explanations.

Please note: By law, sellers are not obligated to disclose that the property is or has been: (1) the site of a natural death, suicide, homicide, or any other crime classified as a felony; (2) owned or occupied by a person exposed to HIV, or diagnosed as having AIDS or any other disease not known to be transmitted through common occupancy of real estate; or (3) located in the vicinity of a sex offender. However, the law does not protect a seller who makes an intentional misrepresentation. For example, if you are asked whether there has been a death on the property and you know that there was such a death, you should not answer "no" or "I don't know"; you should either answer truthfully or respond that you are not legally required to answer the question.
